IÂ´m Dead

Millenia Nova

It took a lot for him to take that walk today
I remember that whole ugly business about Mother
I said to myself, I said Norm,
You can keep yourself locked up in this room forever
Or, you can go down to the Five & Dime,
And buy yourself a Halloween mask
Would they know you were hiding underneath it?

I love what you like, it's really heady
I love what you like, it's really heady
...
I'm dead.
