One Hundred Thousand Smiles Out

Barclay James Harvest

I cannot see you
For the sun is in my eyes
I cannot hear you
Everything you say just passes by
What I'd give for just a smile
Instead of drifting at
A hundred thousand miles
Can you hear me there below?
All my lines have gone dead
And I'm not very sure
Can you hear me there below?
'Cause I'm coming down fast
I can't make it alone
Oh no no no...I cannot see you
For the sun is in my eyes
I cannot hear you
Everything you say just passes by
Here I stay until I'm found
Insane in space and my world
Is spinning roundCan you hear me there below?
All my lines have gone dead
And I'm not very sure
Can you hear me there below?
'Cause I'm coming down fast
I can't make it alone
