

# Happy On The Outside

Roxette

You can watch her doin' the rounds  
She's there for everyone  
Throwin' kisses, makin' plans  
For midnight men, mornin' sons  
Well, did the wine make her dance?  
No, she's always been the star  
She's got that riddle in her smile  
But a burden in her heart  
She's so happy on the outside  
But she's cryin' on the inside  
And there's nothin' I can do  
To make her glad  
So happy on the outside  
Hurtin' on the inside  
And it's sad so sad  
Baby, it's so sad

Hey, did the wine make her dance?  
No, she's always been a star  
So be prepared to fall in love  
Though her heart hides the scars  
She's so happy on the outside  
Hurtin' on the inside  
It's such a sad sad sight  
Such a sad sad sight  
She's so happy on the outside  
But she's cryin' on the inside  
And there's nothin' I can do  
To make it right  
She's so happy on the outside  
Oooh, hurtin' on the inside  
It's such a sad sad sight  
Such a sad sad sight  
Such a sad sight  
Oh such a sad sight
