

# Pavement Cracks (The Scumfrog Dub Mix II)

Annie Lennox

The city streets are wet again with rain  
But I'm walkin' just the same  
Skies turn to the usual grey  
When you turn to face the day  
And love don't show up in the pavement cracks  
All my water colors fade to black  
I'm goin' nowhere and I'm ten steps back  
All my dreams have fallen flat (Love don't show in the pavement cracks  
There will be no turning back) Time and space will pass us by and by  
When we don't see eye to eye  
I would have done anything  
For happiness to bring ...  
But it don't show up in the pavement cracks  
I can't even cover up my tracks  
I'm goin' nowhere and I'm light years back  
Ooh I wish you well How come  
Every day  
I'm still waiting for the change?  
How come  
I still say  
Give me strength to live? Where is my comfort zone?  
A simple place to call my own  
'Cause everything I want to be  
Comes crashing down on me  
And it don't show up in the pavement cracks  
I can't even recognize my tracks  
You and I can't turn the whole thing back  
Ooh I wish you well (Love don't show in the pavement cracks  
There will be no turning back)
