Sustaining (HotLab Remix)

Late Night Alumni

Imagine me in L-O-V-E
Probability in favor of things
It must be intrigue to some lesser degree
Never again, I promised myself a thousand timesYou're an unfamiliar place
I know it sounds insane, I'm safer tucked away here
Though you're still too far away
The sound of you sustains loud enough to wake meSoon you will see the mess M-A-D-E
Sensibility is not fight over flee, it's just not my thing
With foresight I foresee and now by no means
I vowed to myself time after timeYou're an unfamiliar place
I know it sounds insane, I'm safer tucked away here
Though you're still too far away
The sound of you sustains loud enough to wake meL-O-V-E H-A-S been M-A-D-E
I can see the difference but I can't guarantee
O-N-L-Y I-N-T-R-I-G-U-E
I may find you sustaining longer than you should beIt's sad but true, I promise that I can guarantee
An L-O-V-E M-E-S-S M-A-D-E
I can see the difference and it's only intrigue
L-O-V-E S-U-S-T-A-I-N-E-DYou're an unfamiliar place
I know it sounds insane, I'm safer tucked away here
Though you're still too far away
The sound of you sustains loud enough to wake me
