

Faith, Hope and Love (feat. Ben Granfelt)

Wishbone Ash

Reflecting back on the life that I once knew
I'm pretty sure I could have changed a thing or two
In our restless youth, we were wild and running fast
And everyone I knew said, "Boy, you'll never last"
I saw an ad for a player in a band
I took a train, guitar case in my hand
Like a dream, sweet music in my ears
Had a little luck on the course we were to steer
Never found another reason
You gave me something to believe in
You came and you saved me
Yes, I got what I need in
Faith, hope and love
Faith, hope and love
I settled down with my family, that is true
I kept my faith in the music to guide me through
And life can change if you really want it to
And you can change, too, just believe in what you do
