Not Washing You Off of Me

Vicci Martinez

I don't need anybody else, not anybody else
But you right by my side
Just when I think I've had enough
Not tired of getting off
With you I'm satisfied
You can have all of me, leave on the lights
And when the morning comes you know that I'mNot washing you off of me
Your loving it makes me clean
I'm not washing you off of me
Your loving it makes me clean
So stay with me
Do what we do, can we do that once again
Until then
Not washing you off of me
Your loving it makes me clean
So stay with meI don't need anybody else, not anybody else
But you right by my side
I know it's me your gonna leave with
Don't care who you've been with
You're with me tonightI can have all of you
Just give up the fight
And when the morning comes
We'll pull down the blindsNot washing you off of me
Your loving it makes me clean
I'm not washing you off of me
Your loving it makes me clean
So stay with me
Do what we do, can we do that once again
Until then
Not washing you off of me
Your loving it makes me clean
So stay with meSee I don't believe that we could be much closer than this
The whole earth can split apart and fall, but it won't stop this kiss
Whenever you hold me
Whenever you touch me
I'm keeping you on meNot washing you off of me
Your loving it makes me clean
I'm not washing you off of me
Your loving it makes me clean

So stay with me
Do what we do, can we do that once again
Until then
Not washing you off of me
Your loving it makes me clean
So stay with me
