We Need Each Other

Pat McGee

I think I caught a glimpse of a life without friends
Bitter, empty, hollow, dark and lonely
We never meant to hurt each other so cant we trust again
And take it as a chance to keep on growingWell, I dont know why it doesnt come easy
But I know that we could be happy
If wed only learn to loveOh, oh, we need each other so whats the fighting for
Oh, oh, we need each other, please dont close the door
Oh, oh, we need each other through all the highs and lows
Oh, oh, we need each other 'cause no ones meant to be aloneLife revolves around the need of having someone
Causing every complicated feeling
Oh and I dont want to lose you so there is nothing wrong with
Telling me what you need to keep our love strongOh, its just a part of being a family
Taking the good with the bad and the ugly
If we could only learn to loveOh, oh, we need each other so whats the fighting for
Oh, oh, we need each other, please dont close the door
Oh, oh, we need each other through all the highs and lows
Oh, oh, we need each other and I don't wanna be aloneOh, oh we need each other, fathers and mothers
Oh, oh we need each other, all your sisters and brothers
Oh, oh we need each other, we need friends and lovers
Oh, oh we need each otherI need you, you need me
'Cause thats the way its meant to be
I need you, we need each other
I dont want to be aloneI need you, you need me
'Cause thats the way its gotta be
I need you, we need each other
I dont want to be alone
