

Power of the People

Monster Truck

It's only a matter of time,
until you get yours and I get mine.
Change is coming around the bend,
only love can save the people,
only love can save us now,
help your brother,
heal your friend,
save us all from destruction. It's all in your hands.
We're gonna save this world from dying.
It's all in your hands.
The future starts right now.
It's only a matter of time,
until you get yours and I get mine,
change is coming around the bend,
and no one tells you anything,
anything you can believe,
power of the people,
will rise above,
and love will conquer all.
Hey now everybody.
We got to work together.
To save what we have left to lose.
We gotta help each other.
And maybe we'll see a brighter day.
