

Miss U Less, See U More (Single Mix)

Faithless

[Nina Simone]

O Woman[Maxi Jazz]

I love the way you're so deliberate,

How you light your cigarette

Head on one side as you pull, you look almost regal.

I'm digging it, on your mobile, one eye closedBlue smoke curling out your nose

Wearing one of my shirts and what some call panty hose

Cause you look wicked in scanty clothes,

Long legs like an antelopeYou're my antidote to city life, my pretty wife

Hooked up the year before

Together thirteen outta twenty four

And you would never guessI want to miss you less and see you more,

See you more, see you more, see you moreAnd when I kiss you I'm never sure

How do I get to miss you less and see you more?[LSK]

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better![Maxi Jazz]

I can gauge your mood, from your approach to food

You use ya rude red shoes to accessorize your attitude

Desensitized to my roving eyes, and ready smile

I get loving that's versatile,Worth that extra smile lying next to me

Your textured voice whispering,

I'm listening with my whole skin

Holding onto the moment for all its worth

How could I continue to be the sky without my earthAnd when I kiss you, I'm never sure,

And when I kiss you, I'm never sure,

And when I kiss you, I'm never sure,

How do I get to miss you less and see you more?[LSK]

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better!

Miss you less, see you more, love to know you better!
