I'm your favorite rapper's idol, I been had the title

Call me hot sixteen, wit more verses than the Bible
Fifteen bank accounts, ten different businesses
Five different lawyers, tell 'em what the business is
I live down the block, was raised up the street
Want beef?

I'll do like 'Summertime' and raise up the heat
I'm the leader of the pack, plus I'm still in the slums

Man, I was built Ford tough, I'm as real as they come

But fake thugs love to hate, some punks be ice grillin' me

'Cause I g-g-got assets, no liabilities
Now to infinity, grown women be feelin' me

And they ain't got nothin' to lose but they virginities

Still the 'Lova Lova', so give me a couple rubbers

I'll get 'em in a room and Luda will make 'em studder like
I-I-I be lookin'

'Cause all these fakes thugs is tryna press up

I need a boss like hey, who's flossin' like hey

Tossin' dough, hey, you know that he'll pay
I-I-I be lookin'

'Cause all these fakes thugs is tryna press up

I need a boss like hey, who's flossin' like hey

Tossin' dough, hey, you know that he'll pay
I-I-I be lookin'

'Cause all these fakes thugs is tryna press up

I need a boss like hey, who's flossin' like hey

Tossin' dough, hey, you know that he'll pay
I-I-I be lookin'

'Cause all these fakes thugs is tryna press up

I need a boss like hey, who's flossin' like hey

Tossin' dough, hey, that drives me crazy
