

Running Wild

Tindersticks

Running wild through my mind
That I cant sleep tonight
Running wild through my mind
That I cant sleep tonightLike a child, like a child
I have no place to hide
Running wild
Is there no ending for theRunning wild through my mind
That I cant sleep tonight
And all the while when I cant sleep tonight
I can see youRunning wild through my mind
That I cant sleep tonight
And all the while while I cant sleep tonight
I can see youRunning wild
Running wild
Running wild
Running wildThe underside, the underside of my mind
Theres a cry that I cant even reach out [unverified]
Theres a fire, do you feel that too?Running wild through my mind
That I cant sleep tonight
And all the while while I cant sleep tonight
I can see youRunning wild
Running wild
Running wild
Running wild
