

# Your Love Is Everything (feat. Chris Quilala)

## Jesus Culture

When I am dry and thirsty Lord,  
And I'm crying out for more,  
I know I can trust in your love.  
In the darkness in the night  
When I'm starving for the light  
I know I can trust in Your love You keep no records of my sin,  
and you don't remember all my shame. Your love heals every disease  
Your love fulfills my every need  
Your love is everything to me  
Your love is everything I will not forget  
I wont forget your promises  
I will not forget  
I wont forget your love. I will not forget  
I wont forget nothing is impossible  
I will not forget  
I wont forget your love.
