Vibe

B. Smyth

Vibe, vibe, vibe, vibe
Vibe, vibe, vibe
You got that...

With so many pretty girls in the world
How can I just pick one?
If all of 'em dimes, how can I decline,
When I'm just tryin' to make a dollar?
I need to feel your vibe,
Show me a different vibe,
And that I been missin' your vibe,
And maybe we can chill
Until we catch a...

Don't try to kill my vibe,
I'm tryin' to feel your vibe,
Don't turn me down,
'Cause I'm lookin' for,
A girl that can feel my vibe,
Open up your mind,
I won't waste your time,
We gotta chill, and I can't commit,
Until I can catch your vibe,

I'd be lyin' if I said that I can live without you, babe,
But I ain't ready to settle,
So what's a player goin' do, babe?
But you gotta be a winner,
That's a sure thing,
Only champions get rings,
Only stallions on my team,

But maybe if you show me somethin' special,
I might give up the game,
Maybe I'll change,
And give you my name, girl,
Until then, I advise don't get attached,
'Cause I'm feelin' you, and I'm into you,
But I ain't really into all that,

I'm tryin' to vibe,
Don't try to kill my vibe,
I'm tryin' to feel your vibe,
Don't turn me down,
'Cause I'm lookin' for,
A girl that can feel my vibe,
Open up your mind,
I won't waste your time,
We gotta chill, and I can't commit,
Until I can catch your vibe,

Keshia, Alicia, Lisa, and Kim, Melissa, and Rhonda,
I'm lookin' all over, searchin' for shawty,
I gotta find her,
Tisha and Tiffany, Brenda and Linda, Amanda and Nya,
Jackie, Nicole, Jasmine and Tasha, Jajuana, Mariah,

All the girls around the world,
I'm tryin' to find the one,
To slow me down and make me feel her vibe,

Don't try to kill my vibe,
I'm tryin' to feel your vibe,
Don't turn me down, 'cause I'm lookin' for,
A girl that can feel my vibe,
Open up your mind, (oh, yeah)
I won't waste your time, (oh, yeah)
We gotta chill, and I can't commit,
Until I catch your vibe,

Don't try to kill my vibe,
I'm tryin' to feel your vibe,
Don't turn me down, 'cause I'm lookin' for,
A girl that can feel my vibe,
Open up your mind, (oh)
I won't waste your time, (oh)
We gotta chill, and I can't commit,
Until I catch your vibe,

Your vibe, your vibe, your vibe,
Your vibe, your vibe, your vibe, ooh, whoah,
Your vibe, your vibe, your vibe, your vibe,
Ah, yeah
