Edge of the World

Emery

I know your face, I know your smile and how it plays
into the minds of those who cling to every word you say.
This isn't how I wanted to remember me and you.Your eyes are talking but your lips are standing still.
Open your mouth, tell me how I'm supposed to feel.
My finger pointing is just a warning so I suggest you...
Say you're wrong,
Lets get this over I would like to get some sleep tonightLets get this over, I'd like to get some sleep tonight,
Lets get this over. I'm done with all your lies.You make it hard for me to leave, so very hard for me to leave.By
now the lies you told are weighing on your chest,
If I provide the rope I know you'll do the rest.
But I will not be an accessory, no I'm not who you think and I
will never be your enemy so don't insult me.Say you're wrong,
This could be easier if I was over her,
So say you're wrong. (Say you're wrong)
I know she's just a girl but she's got me standing on the edge,
I'm on the edge of the world.My eyes are open for the first time,
this planks not yours, it's in my own eye.
My eyes are open for the first time,
this planks not yours, it's in my own eye.I am not a man who a life as soilders, but
I am not the kind of man who walks away.
I will stand face to face and toe to toe with anyone,
yes anyone.
Everything you said about me was the truth but I just don't think that I can look at you the same.
You're like a splinter that will never show its head to anyone, to anyone.
Now I know that I was not the man you wanted,
you know I loved you and I wanted to make you proud.
My intentions were to never give myself to anyone,
look what I've done.Just look what I've done.My intentions were to never give myself to anyone,
look what I've done.
