

# Be the One

## Moby (Destroyed 2011)

1, 2, 3, 4  
Look around  
You should be  
Should be dancing  
Dance with me  
Bottom line,  
We're wasting time  
So imma say what's  
On my mind.  
I just want you to know  
That you're so so beautiful.  
Uh, uh, uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Uh uh uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Thought we were caught in the moment  
The moment you know.  
That you want me to own it, to own it  
Lets go.  
And I need you to know  
  
That you're so so beautiful.  
Uh, uh, uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Uh uh uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Don't over-think it

We don't have to leave yet  
We're just having fun  
What could go wrong  
There aint no question about it  
I'm saying it's you that I want  
Uh, uh, uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Uh uh uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.
