

Aeroplane Blues

The Black Keys

I'm on an airplane
Close to sea
Going nowhere
I wanna be Distant lands
Don't know who I am Eyes are heavy
Mind is shook
Can't feel
Drugs I took Distant lands
Don't know who I am Take your seat
Don't be shy
You got to remember
You're gonna die Distant lands
Don't know who I am
Don't know who I am
Don't know who I am
