Open

Rhye

I'm a fool for that shake in your thighs
I'm a fool for that sound in your sighs
Im a fool for your belly
Im a fool for you loveI wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyes
I wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyesCaught in this pool held in your eyes
Caught like a fool without a line
We're in a natural spring
With this gentle sting between usI wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyes
I wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyesOoohhh, stay open
Ooohhh, stay openStay open
Stay openI wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyes
I wanna make this play
Oh, I know you're faded
Mm, but stay, don't close your eyesStay open
Stay open
Stay open
Mmm, stay open
