This Night Won't Last Forever

Sawyer Brown

Everybody likes a celebration
Happy music and conversation
I'd be lyin' if I said I didn't have the bluesIn the corner there's a couple dancin'
From the kitchen, I can hear 'em laughin'
Oh, I wish I was celebration' tooI know this night won't last forever
I know the sun is gonna shine sometime
I need some hope for a bright tomorrow
And I know this heart is gonna mend just fineSo, pardon me for my disposition
I wish I didn't have to sit and listen
They're playin' the same old songs on the stereoShe's been lyin' since the day I met her
I'd be better off to just forget her
Oh, I would rather be lonesome all aloneAnd I know this night won't last forever
I know the sun is gonna shine sometime
I need some hope for a bright tomorrow
And I know this heart is gonna mend just fineSuddenly there's a strange vibration from my head to my toe
Fillin' me with a strange sensation
Somebody's tellin' me, somebody's sayin'I know this night won't last forever
And I know the sun is gonna shine sometime
I need some hope for a bright tomorrow
And I know this heart is gonna mend just fineI know this night won't last forever
And I know the sun is gonna shine sometime
I need some hope for a bright tomorrow
And I know this heart is gonna mend just fine
