

Alright

Pilot Speed

And tonight I lack the strength to even move
When you walked, now watch me die
But I know this is harder for you
For love has let you down and come on
And no, you're not aloneAnd the road ahead is lined with broken dreams
So walk, yeah, walk on by
And I failed to give you everything you need
For the fear's behind your eyesWhen I cant feel you
Im not alright, not alright
When I cant heal you
Im not alright, Im not alright, Im not alrightWhen I cant feel you
Im not alright, Im not alrightYes, Jesus as you throw me on the rocks
And for love I left your side
'Causer I believed in love and beautys wiles
Where heaven shone from your eyesChain me to your tree, I wanted you to see
I wanted you to see, I wanted to believe
You chain me to your tree, I wanted you to see
I wanted you to seeSo tell me that it wasnt all for naught
Its such a waste now, its such a waste now come on
'Cause I know you're scared but baby dont you hide
Its such a waste, youll stand alone now, youll make it somehow
