Our Story

Amila Zazu

This time I'll think of brighter days
Where I'm falling deep, deep inside our story
I'm counting on something I can feel
I won't fall asleep, 'cause even if I'm hurting
I'm waitin' on the one for me
It's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your man
Around me lies but no one seems to mind
I can't change time for anyone to show me
That love is real, you know I'll find a way
I won't be scared to let her in and love me
Is there anyone in love with me
It's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your man
It's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me, oh yeah
And if you can roll with it, yeah
And let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your man
