Pillow Talk

Auryn

You walked away without a sound
Soon you'll fly to leave the town
No goodbye, or reply
And suddenly ever summer's about youShould have made a better plan
I should have been a better man
And I would, if I could
But the truth is I'm talking on my haloWish that I was so much stronger
Thought I had a heart of steel
I can't hold it back no longer, no, no, noBecause I miss the pillow talk
And the moments that we've had
Even though what I only have is nothing but a game
Because I miss the pillow talk
And the battles that we've fought
With every step I take I only tend the walk of shame
I miss our pillow talkI'm waving dreams on broken loves
While I'm dripping tears dreaming of your perfume
And I can't fall out of love
You don't know what you've got until it's gone
I see your face in every crowd
Hear your voice appearing loud
And it hurts, and it burns
Can you hear it? Our song is on the radio
I can't hold it back no longer, no, no, noBecause I miss the pillow talk
And the moments that we've had
Even though what I only have is nothing but a game
Because I miss the pillow talk
And the battles that we've fought
With every step I take I only tend the walk of shame
I miss our pillow talkWish that I was so much stronger
Thought I had a heart of steel
I can't hold it back no longer, no, no, noBecause I miss the pillow talk
And the moments that we've had
Even though what I only have is nothing but a game
Because I miss the pillow talk
And the battles that we've fought
With every step I take I only tend the walk of shame
I miss our pillow talk
I miss our pillow talk
I miss our pillow talk
