Landslide

Slash's Snakepit

Been climbin' the walls for days
Baby I don't know why
Girl you got my head in a haze
I can't see the sky
You throw mud in my face, it's such a disgrace
Why you wanna shake my tree
I slip then I slide, you're laughing inside
I know who's going down, it's meAnd when you walk away
I know you're always sayin' something
Is everything okay?
I see it in your eyesIt's just a landslide, that feeds my head, that makes it roll
It's just a landslide, keep it in mind, takes me out of control
It's like a landmine, steppin' out of time, ready to explode
I feel the landslide on me down in this holeNow it just takes a look, did you read the whole book
Did you study it between the lines
I don't need to explain, there's no pleasure no pain
It just comes with the prizeAnd when you walk away
I know you're always sayin' something
Is everything okay?
I see it in your eyesIt's just a landslide, that feeds my head, that makes it roll
It's just a landslide, keep it in mind, takes me out of control
It's like a landmine, steppin' out of time, ready to explode
I feel the landslide on me down in this holeI feel your earth shake
I feel your body quake, forever, forever
Oh, I see the walls break
I feel your heartache, whenever
Do you know how I feel inside
I feel like I'm caught in the tide
I'm caught in the landslideAnd when you walk away
I know you're always sayin' something
Is everything okay?
I see it in your eyesIt's just a landslide, that feeds my head, that makes it roll
It's just a landslide, keep it in mind, takes me out of control
It's like a landmine, steppin' out of time, ready to explode
I feel the landslide on me down in this hole
