Say It Loud

Sanctus Real

And maybe tomorrow, we'll forget about this year
And all the things you wish you could change
And show me some kindness in the midst of the hardships
'Cause things should never be this waySay it loud, say it loud and clear
Forget about, forget about last yearStop wishing it were backwards, it is now or never
Stop wasting all the time we could have spent together
Wishing you would come back here
Times were better last yearAnd all your reasons, they change with the seasons
Day by day they're not the same
And if you would measure all the times that we've treasured
Then you would see how my heart breaksSay it loud, say it loud and clear
Forget about, 'get about last yearStop wishing it were backwards, it is now or never
Stop wasting all the time we could have spent together
Wishing you would come back here
Times were better last yearIt's twenty hour drive through the Rocky Mountains
Won't be stopping now 'cause you know we're rocking
Tell me, what has happened?
Stereo's stuck with the jukebox jammin' nowSay it loud, say it loud and clear
Forget about, forget about last yearStop wishing it were backwards, it is now or never
'Cause you've been wasting all the time we could have spent together
Stop wishing it were backwards, it is now or never
Stop wasting all the time we could have spent together
Wishing you would come back here
Times are better this year and will be better next year
