## Slothrust

I saw what I did  
And I said I would quit.  
But then I got tired  
Of waiting for everything scraping me  
To fizzle out.  
So I built you a vehicle  
Hung at the ends of my arms.  
I want to be useful  
So useful  
I want to be useful to you. I brought my love down  
From the cupboard upstairs.  
I filled up a cup with my insides  
And placed it on the ground for our pets.  
But you called me a liar, oh yeah  
You straight called me a fraud.  
You said  
I was sick, I was sick, I was sick  
I loved them more than you. La la da da da  
La da da  
La da da da
