

Ridiculous

Raheem DeVaughn

I never said that every chose I make
Everyone was gonna like
I never said that satisfying the masses is how I would live my life
And never once did I say all of my decisions would be right
I never said I wouldn't know my heart my heart and listen just my mind
I know it looks like I've gone crazy but in the way we love, he walked us
I'll be crazy for us So call me a fool, call me insane
Tell me the loving you the way I do is ridiculous
I don't mind, no I don't mind
Forget the rules I'm over the game
Baby if loving you the way you do is ridiculous
Then call me ridiculous, call me ridiculous Every one know what I'm suppose to do
Everybody says I'm out my mind to feel what I feel for you
Everybody needs a morning to this love I am brand new
See I know in this real love they think I don't have a clue
I do
I know it looks like I've gone crazy
But in the way that I love, I'll be crazy for us So call me a fool, call me insane
Tell me the loving you the way I do is ridiculous
I don't mind, no I don't mind
Forget the rules I'm over the game
Baby if loving you the way you do is ridiculous
Then call me ridiculous, call me ridiculous For seeing something inside you that no one else can see
That's way they don't understand me, no
So stupid, idiot, so what they will
Baby that's just what I'll be, as long as, ridiculous that's me
Ooh
Ridiculous that's me
Ooh So call me a fool, call me insane
Tell me the loving you the way I do is ridiculous
I don't mind, no I don't mind
Forget the rules I'm over the game
Baby if loving you the way you do is ridiculous
Then call me ridiculous, call me ridiculous So call me a fool, call me insane
Tell me the loving you the way I do is ridiculous
I don't mind, no I don't mind
Forget the rules I'm over the game
Baby if loving you the way you do is ridiculous
Then call me ridiculous, call me ridiculous
