If you let me have a taste  
I'll probably keep this world from falling down  
I'm pulling on my E-brake  
And when I turned around you were gone You made me fall in love again  
I know it's no ones fault but my own  
I'm blinded by my reasons  
Well, I guess that's why I'm all alone And that's what I wanted  
And that's what I found  
I could never change your mind  
I could never reach you in time  
All is lost  
And is that all that I want, yeah Take those glasses off your face  
Can't you see your sun is going down  
Can't believe you live that way  
You're holding all your breathe for someone else All I made was one mistake  
Almost seems like you were counting on more  
Do I disappoint you  
Or did I do something more? And that's what I wanted  
And that's what I found  
I could never change your mind  
I could never reach you in time  
All is lost  
And is that all that I want, yeah Well I was way too young, and I was way to shy  
But I remember you, remember you  
I must have asked myself about a million times if That's what I wanted  
And that's what I found  
I could never change your mind  
I could never reach you in time And that's what I wanted  
And that's what I found  
I could never change your mind  
I could never reach you in time  
All is lost

And is that all that I want, yeah
