Bassnectar

Down, low, down,
Down, down, down low, down
It could be thrill
Down, low, down,
Down, down, down low, down
It could be thrill
Down, low, down,
Down, down, down low, down
It could be thrill
Up, up, up, upDown, low, down,
Down, down, down low, down
It could be thrill
Down, low, down,
Down, down, down low, down
It could be thrill
Down, low, down,
Down, down, down low, down
It could be thrill
