Sally Dances

Longpigs

Baby, sometimes I coulda turned you on
Honey, this time with your big strong hands
Baby, somehow if I could chop them off
Honey, I'm stuck but you could clear me outBut I needed a summertime
Saw you falling, saw you drown
Sally dances but she don't know, no
Sally dances but she don't grow, no
She can't show meIf somehow I could make you feel clean
In my arms if I could stop you shaking
Baby, till then I'll keep it in my hand'Cause you needed a summertime
Saw you falling, saw you down
Sally dances but she don't grow, no
Takes her chances but she don't grow, no
Sally dances but she don't know, no
She don't show me howBaby, somehow if I could find the point
Honey, I'm too fat to get up off my hair
And I'm jealous, want to feel her fuck
Give me presents and glistenSally dances but she don't know, no
Sally dances but she don't blow
Sally prances but she don't grow, no
Sally chances but she don't know, no
She don't grow no, noBaby, with your big strong hands
I can feel the sun, make me understand
