

# Nobody Loves You (Like Me)

**Etta James**

Oooh, oooh (x2)Climb the highest mountain  
Sail across the sea  
Take a look in your social book  
You'll find that  
Nobody loves you like me, no, no, no.  
Nobody loves you like me.Travel across the desert  
Climb up a big redwood tree  
Ask a worm that's about to turn  
He'll say that nobody loves you like me, no, no, no.  
Nobody loves you like me.You can hunt and scour  
On the Eiffel tower  
But if you don't choose  
It's me you're gonna lose
