

# Coney Island Cyclone

## Mercury Rev

no, i won't chicken out  
hey, wait, babe  
wait up now  
hey babe, wait up now if we could find a space  
where we could both stretch out  
roll like coney island cyclones  
no, i won't chicken out  
no, i won't chicken out no doubt babe  
no doubt now  
no doubt babe  
no doubt now i spend all day  
on your mom's couch  
spend all night  
and i won't chicken out  
no, i won't chicken out let's go out tonight  
find a sunny space  
picking up the skylab  
throw it back in space no, i won't chicken out (i'm not messing with you)  
no, i won't chicken out (i'm not messing with you)  
no, i won't chicken out (i'm not messing with you)  
no, i won't chicken out (i'm not messing with you)
