

Coney Island Cyclone

Mercury Rev

no, i won't chicken out
hey, wait, babe
wait up now
hey babe, wait up now if we could find a space
where we could both stretch out
roll like coney island cyclones
no, i won't chicken out
no, i won't chicken out no doubt babe
no doubt now
no doubt babe
no doubt now i spend all day
on your mom's couch
spend all night
and i won't chicken out
no, i won't chicken out let's go out tonight
find a sunny space
picking up the skylab
throw it back in space no, i won't chicken out (i'm not messing with you)
no, i won't chicken out (i'm not messing with you)
no, i won't chicken out (i'm not messing with you)
no, i won't chicken out (i'm not messing with you)
