

Ghandi Mate, Ghandi.

Enter Shikari

Now, I don't know about you, but I don't think the primary purpose of your life, of my life and the entirety of the human race's is just to blindly consume to support a failing economy and a faulty system, forever and ever until we run out of every resource and have to resort to blowing each other up to ensure our own survival. I don't think we're supposed to sit by idle while we continue to use a long outdated system that produces war, poverty, collusion, corruption, ruins our environment and threatens every aspect of our health and does nothing but divide and segregate us. I don't think how much military equipment we are selling to other countries, how many hydrocarbons we're burning, how much money is being printed and exchanged, is a good measure of how healthy our society is but I do think I can speak for everyone when I say, we're sick of this shit. Time to mobilize

Time to open eyes

We are not a quiet pocket of resistance

This is real, but we cannot afford to fail

Act with, act with persistence

This is real, but we cannot afford to fail

Army, establish order

Respect me and fear me

Fuck you

We have no respect

And when tomorrow comes

We're gonna stamp on your head (pig) Woah, woah

Calm down, (calm down mate), calm the fuck down

Gandhi Mate, Remember Gandhi (Jesus, just remember)

Alright, Alright I'm fine See if we keep them silent then,

They'll resort to violence and that's how we criminalize change AWHHHH,

Yabba Dabba Do One son, We don't want you rules

Who you fooling son, we've got all the tools

We need to build a whole new system

To correct these flaws

Ah here they come, the immersive labels

But they're attempted fails Cos man, we so far out your comfort zone We stop, think, begin to revive

We stop, think, begin to revive
