Hanging

Sterling Knight

How 'bout a little bit of soul, some integrity
I'm not talkin' about no fake kinda feeling
But the girl in my dreams will be
For real without a doubt soI don't know who you are but find your way to me
Uh, in no rush to seeBaby, I'm hanging, hanging on for you
(I'm hanging)

That's where it is, go 'bout my businessHanging, hanging on for you And you'll be mine in future time

Soon I'ma hang up in a play and share this line
And you can do the same yes'Cause this horizon soon will focus into view, yeah
Uh, in no rush to seeBaby, I'm hanging, hanging on for you
(I'm hanging)

That's where it is, go 'bout my businessHanging, hanging on for you And you'll be mine in future time

Just one kiss, yes this is

The heaven that will conquer the devil's world Uh, in no rush to seeBaby, I'm hanging, hanging on for you (I'm hanging)

That's where it is, go 'bout my businessHanging, hanging on for you

And you'll be mine in future timeHanging, hanging on for you

(I'm hanging)

That's where it is, go 'bout my businessHanging, hanging on for you

And you'll be mine in future time

It's true
