

The 90's

Charlie Puth

Where you finna' go now sexy lady
You make it so damn hard to leave
Love the way you've been doing it lately ooooh
Love the way you back it up on me
Ey Your body's craving the attention, no disrespect to you ohhh
I really wanna ditch let's get together, hey
So we can take a little rendezvous Eh
She said
You know where to find me hey
You know where to find me work work
You know where to find me
Wanna see you drop it, drop it low like they did it in the 90's
Lemme see you drop it, drop it low like they did it in the 90's Trynna do a little less conversation
Trynna cut right to the chase
Oh
This big beat bumping 808 drum
Tonight we're goin all the way
Oh Your body's craving the attention, no disrespect to you
ohhh
I really wanna ditch let's get together, hey
So we can take a little rendezvous Eh
She said
You know where to find me hey
You know where to find me work work
You know where to find me
Wanna see you drop it, drop it low like they did it in the 90's
Lemme see you drop it, drop it low like they did it in the 90's Lemme see you drop it, drop it low like they did it
in the 90's
You know where to find me
You know where to find me
You know where to find me
