

Rotting

Green Day

I'm rottin' inside
My flesh turns to dust
Whisper, are you dying in my ear? I'm so sick to death
Tumors in my head
Whisper, are you dying in my ear? Black rose of death
In my fist I clutch
Thorns shred my finger tips
And drips toxic blood Kiss me one last time
Wipe off my sweat
Whisper, are you dying in my ear? As my bones they rust
Twenty pounds of trust
Whisper, are you dying in my ear? Black rose of death
In my fist I clutch
Thorns shred my finger tips
And drips toxic blood I'm rottin' inside
My flesh turns to dust
Whisper, are you dying in my ear? Kiss me one last time
Wipe off my sweat
Whisper, are you dying in my ear?
Whisper, are you dying in my ear?
