# A Light In A Darkened World

## Killswitch Engage

I see so much corruption
And it's hard to ignore
Living on greed and possessions
Is this what we're dying for?
Now choose this day who you will serve
To be the light in a darkened world
Many are willing
To only live for themselves
Turning away from morality
Nothing can save you now
Now choose this day who you will serve
To be the light in a darkened world
You feel dissolved and the water's beginning to rise
Become the light in this darkened world
This is destiny, the choice is now defined
No more deception, now change will come
It's in your hands, it's in your hands
Now choose this day who you will serve
To be the light in a darkened world
It's in your hands, it's in your hands
Become the light in this darkened world
