

# A Light In A Darkened World

## Killswitch Engage

I see so much corruption  
And it's hard to ignore  
Living on greed and possessions  
Is this what we're dying for?  
Now choose this day who you will serve  
To be the light in a darkened world  
Many are willing  
To only live for themselves  
Turning away from morality  
Nothing can save you now  
Now choose this day who you will serve  
To be the light in a darkened world  
You feel dissolved and the water's beginning to rise  
Become the light in this darkened world  
This is destiny, the choice is now defined  
No more deception, now change will come  
It's in your hands, it's in your hands  
Now choose this day who you will serve  
To be the light in a darkened world  
It's in your hands, it's in your hands  
Become the light in this darkened world
