

# Dreaming of Me

SiR

You ain't gotta tell me I been on your mind  
You fell asleep in my t-shirt  
Gripping my pillow tight  
You didn't think I would be here tonight  
Went to bed listenin' to what we like  
Made the perfect little playlist  
Looks like somebody was makin' plans to welcome me home again  
But I landed early and I couldn't wait up  
I been missin' you lately, I made my escape  
But it seems like I'm already here in your dreams  
And I couldn't stand to mess up a good thing (It's been a mighty long time since I held you tight)  
But I can't wake you when you're dreaming of me  
(Get ready for the sunrise, I'ma make it right)  
But I can't wake you when you're dreaming of me  
Lately I've been puttin' in overtime, life on the road can get lonely  
I was never good with time away and it gets a little harder everyday  
Everything is better when I'm by your side, I mean the world is amazin'  
All I ever really want to do is make my way back to you But I landed early and I couldn't wait up  
I been missin' you lately, I made my escape  
But it seems like I'm already here in your dreams  
And I couldn't stand to mess up a good thing  
(It's been a mighty long time since I held you tight)  
But I can't wake you when you're dreaming of me  
(Get ready for the sunrise, I'ma make it right)  
But I can't wake you when you're dreaming of me  
You've been calling my phone all day  
I'm sorry if I made you worry  
But now that I'm standin' in your grace  
I'm reminded why I have to earn it  
(It's been a mighty long time since I held you tight)  
But I can't wake you when your dreaming of me  
(Get ready for the sunrise, I'ma make it right)  
But I can't wake you when you're dreaming of me
