

You Can't Fire Me, I Quit

Tacocat

You're impossible
Always have been
When they ask you
What will you tell them? Oh-oh it's the same thing
I'm a mess
You're amazing
Pick me up
And we'll go driving
Watch you drive
Go on surprise me
Baby, you should take me back
?? I can tell you that
Oh no
Woah, woah
You're not breaking up with me
Oh no, oh oh oh
I'm breaking up with you actually Your moves are heavy
Don't wanna be around
We walked the minefield
Of your next break down It's the same thing
You're a mess
But I'm amazing
What's the story
Make it a good one
Already lost it
? There's some confusion
You aren't leaving me in hurt
Always assumed
That I would do it first
Oh no
Woah, woah
You're not breaking up with me
Oh no, oh oh oh
I'm breaking up with you actually Ooooh no
This isn't how it's gonna go
