

# Club Michelle

## Eddie Money

Well, you know I've got to find it  
It's on a dark, deserted street  
But you know I had a time there  
Hey, driver, can you help me?  
I'm lookin' for the Club Michelle Well, our eyes met very slowly  
As we stared right through the crowd  
We just started dancing  
And they played that song, crazy song  
Again and again  
I can still hear 'em singing Whoa-oh-whoa-oh-whoa  
And they played that song  
At the Club Michelle  
It went on and on and on  
Whoa-oh-whoa-oh-whoa I remember oh so well  
Dancing at the Club Michelle Well, we moved into a corner  
We were lookin' for a little room  
There were so many people And just when we started talking  
They played that song again  
We both got so confused  
And they played it kinda loud  
I lost her in the crowd At the Club Michelle  
Everybody kept on singing  
Whoa-oh-whoa-oh-whoa  
Everybody kept on dancing  
At the Club Michelle And I lost that little girl  
It was somewhere called the Club Michelle I'm gonna keep lookin'  
I'm gonna find her But I know it's around here  
Somewhere, somewhere  
Down the corner, maybe make a right  
Yes, I know I've got to find that girl I'm gonna keep lookin'  
'Cause I'm gonna find it  
Wait a minute, can you hear it now?  
I think I hear 'em singing At the Club Michelle  
Everybody still dancing  
At the Club Michelle  
Dancing to the music  
Whoa-oh-whoa-oh-whoa Now I found my baby  
Dancing at the Club Michelle At the Club Michelle  
Everybody still dancing

At the Club Michelle  
Dancing to the music  
Whoa-oh-whoa-oh-whoa Dancing at the Club Michelle  
Whoa-oh-whoa-oh-whoa
