

Deatholution

Hackneyed

Deatholution
Deatholution
DeatholutionReturn to primeval mud
When the S turns to C
We're suffering in blood
And loose all humanity
Stumble over the screens
People without sanity
Speak with primordial screams
New act on discoveryThe Deatholution begins
Spreading out like a virus
Released from all our sins
Destroy us.
Deatholution (death)
Deatholution (death)
Deatholution (death)
Deatholution (death)Return to primeval mud
When the S turns to C
We're suffering in blood
And loose all humanity
Stumble over the screens
People without sanity
Speak with primordial screams
New act on discoveryThe Deatholution begins
Spreading out like a virus
Released from all our sins
Destroy us.
They tasted blood
Within a pit of gore
Sleeping all over
They wanted more
They're never satisfied
And they keep sinking lowerDeatholution
Deatholution
Deatholution
DeatholutionThe Deatholution begins
Spreading out like a virus
Released from all our sins
Destroy us.They tasted blood

Within a pit of gore
Sleeping all over
They wanted more
They're never satisfied
And they keep sinking lower
