

Sun Comes 'round Again

James Otto

Ain't been no blue sky out your window
You just don't want endless rainy day
All you do is cry there on your pillow
Well, baby, I can change your ways
I wanna be your lover
I wanna be your friend
Wanna be like no other
That there's ever been
I wanna love you
Till that sun comes 'round again
Baby, this is now and that was back then
So don't let another minute pass you by
I know that I'll make you forget him
If you give me just one good try
I wanna be your lover
I wanna be your friend
Wanna be like no other
That there's ever been
I wanna love you
Till that sun comes 'round again
I wanna fill your days with endless laughter
I wanna see you satisfied
So satisfied
I wanna be your lover
I wanna be your friend
Wanna be like no other
That there's ever been
I wanna love you
Till that sun comes 'round again
I wanna kiss you slowly
I wanna lay you down
Wanna be your one and only
I wanna turn your world around
I wanna love you
Till that sun comes 'round again
Yeah, I wanna love you
Till that sun comes 'round again
It's comin' 'round again
Till the sun comes 'round again

I'll give you my sweet love, baby
I wanna drive you crazy
I wanna you give my umm
Wanna you give my umm
I'm on for love
