You Could Have a Lover

Zeus

You could have a lover, stay in his arms all night,
You could see the world, hand in your hand,
See the smile on his face, no love could take your place,
You could end your days making old face says in the kitchen while he's leaning over the counter,
Working harder than you did that day,
It could be that way,
If you let me love you if you let me, if you let me love you if you let me,
If you let me love you if you let me, if you let me love you if you let me,Sometimes your love could go astray,
With things you know just what to say,
You're changin' my whole life,
In a matter of days,
Oh yeah now you could have a lover,
He'd boogie boogie for you,
Three little kisses like you love him,
Three little lovin' like you need him,
Three little kisses like you live it
Three little lovin' like you need it,
You're changin' my whole life, in a matter of days,
It's simple now, mmmm,
Love you now,
There is no reason to be unhappy, ohh, and I get along, but I really do.
There is no one who could make me happy, ohh, the way that you do, any way they do,
And I go quiet,
And I go brand new,
Mmmm,
