

# Crew Love

Drake

[The Weeknd]

Listen, listen, woah, listen, oooooh  
Take your nose off my keyboard  
What you bothering me for?  
There's a room full of niggas!  
What you following me for?  
This ain't no fuckin sing-along  
So girl, what you singing for?  
It's cause we blowing like a c4  
With my whole crew blowing like a c4  
20, keep the ball rolling  
Fake IDs in the trash we going straight to the top  
Rooftop clubs with a handful of girls and they all so for it  
Rain so poisoned, rainbows flowing  
Light skinned chick first flight from Poland  
A whole lot of friends first flight from Poland  
A whole lot of cash heading straight from Poland[Hook]  
Why? Cause they lovin the crew, they loving the crew  
They lovin the crew  
Oh, they lovin the crew  
Oh, they lovin the crew  
They lovin the crew  
They lovin the crew  
Ooooooh[Drake]  
Yeah

Smoking weed under star projectors  
I guess we'll never know what Harvard gets us  
But seeing my family have it all  
Took the place of that desire for diplomas on the wall  
And really, I think I like who I'm becoming  
There's times where I might just do it just to do it  
Like it's nothing  
There's times where I might blow 50k on a vacation  
For all my souljas just to see the looks on all they faces  
All it took was patience  
I got a lot of friends to come up off the strip for me  
The same ones that'll come up off the hip for me  
The realest niggas say "your lyrics do shit for me"  
I told my story, it made history

Tell 'em I'ma need reservations for 20  
I've never really been one for the preservation of money  
Nah, I'd much rather spend it all while I'm breathing  
That ovo and xo is everything that you believe in, I know[Hook]

They lovin the crew  
Oh, they lovin the crew  
Oh, they lovin the crew  
They lovin the crew oooh  
Oh, they lovin the crew  
They lovin the crew  
They lovin the crew  
They lovin the crew  
Cuz we blowin like a C4  
My whole crew blowin like a c4  
If we broadcast swag  
Nigga we the news in the city
