The Bottom

Devour The Day

Here I am again
Honest and afraid
Doubting who I am
The reason I was madeHere I am again
Vulnerable and lost
Hanging from the edge
So close to falling offCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upHere I am again
Sleepless and confused
Have I met the end
Or am I being usedHere I am again
Ugly and alone
Searching for a sign
Tell me where to goCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upI know there's no one left to blame
I know I've pushed you all the way
I have no further left to fallI know there's no one left to blame
I know I've pushed you all the way
I have no further left to fallCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upCan I get myself back
Back up from the bottom
Can I get my life back the way it was
Before I got torned upBefore I got torned up

Before I got torned up
