With the Punches

My love has gone
His boots no longer by my door
He left at dawn and as I slept I felt him go
 Hmm, hmm
New York, New York, temperature's droppin'
The band's out shoppin', not stoppin' till ears pop
Cops protect shops, lots of yellow cabs and bellhops
 And it never stops
I'm waitin' to do an interview, so much to tell you
 Today I feel close enough to smell you
Additional dates they were plannin' just fell through
 Florida's out
We fly September 22 to Heathrow
 But there's not really long to go
 Tonight will be a brilliant show
 Lettin' you know I miss you
More than four hits the floor at a party
 Send my love to everybody
 Please, send my love to everybody
 Send my love to everybody
Honey, I'm writin' from D.C., feelin' queasy
 Stayin' healthy on the road isn't easy
 The TM recommends an antigen
 One of them could resist again
 I miss you like a lock in the door
What's more, I go to sleep with my Walkman 'cause half the crew snored
 Don't mean to be a bore, everybody's been great
 But there's fifteen of us in a bus state to state
 So I stay up late with a tape or meditate
 My bed is travellin' at fifty-five M.P.H.
When we make it to L.A., I'll still be miles away
It's not my best day, I'm a get some rest, God bless
 My love has gone
 Wo, wo
 My love has gone
 Wo, wo
We just stopped at a diner so I'm takin' time to write a few lines
 I'm fine, sunshine, the bus driver's
 Reclinin' by the grass as the trucks pass

Gleamin' with the flash of sunlight from the glass on the windscreen
As for us, there's too much to relate
We've done five gigs yet we're only in our third state
America's big, you'd love how they pile up your plate
Only place in the world even I can gain weight
Our next date is Wilmington, Delaware
Open air, there's a rumor Melle Mel'll be there
Anyway, all my love, God bless, I'm yawning
I really miss watching you get dressed in the morning
My love has gone
Wo, wo
My love has gone
Wo, wo
My love has gone
No earthly ships will ever bring
Him home
