

# **Skin (Live Acoustic)**

## **Suzie McNeil**

You're like an accident waiting to happen  
I'm like a time bomb ticking away  
Too much obsession is better than nothing  
You drive me totally crazy I'm tired of fighting it  
Putting up fences  
I build the walls then you break them down  
I try but I can't come to my senses  
You really know how to play me 'Cause you shake me up when you touch my skin  
Leave your name on me like a fingerprint  
'Cause I need you  
I breath you like oxygen  
You're saturated in my skin  
(In my skin)  
In my skin  
You're like tattoo I try to cover  
You're like an itch that won't go away  
You're the mistake I keep running back to  
Don't want to jump but you made me 'Cause you shake me up when you touch my skin  
Leave your name on me like a fingerprint  
'Cause I need you  
I breath you like oxygen  
You're saturated in my skin You got me twisted up  
It's true  
Deny it 'til I'm black and blue  
It's there no matter what I do  
I can't get enough of you (Ah ah)  
(Ah ah)  
'Cause you shake me up when you touch my skin  
(You)  
Leave your name on me like a fingerprint  
'Cause I need you  
I breath you like oxygen  
You're saturated  
(Oh) 'Cause you shake me up when you touch my skin  
(Touch my skin)  
Leave your name on me like a fingerprint  
'Cause I need you  
I breath you like oxygen  
You're saturated in my skin Yeah

Yeah  
Yeah  
In my skin  
Yeah  
Yeah  
Yeah  
In my skin  
Yeah  
(In my skin)  
Yeah  
YeahYou're saturated in my skin  
In my skin  
My skin
