

# Reverie.

**Megan McCauley**

Left here alone  
And unsure of what I feel  
Unclear but I see  
Just what I'm afraid of I can't find my way anymore  
And I  
Cannot heal the wounds I've created  
And I can't let go of what's killing me Falling from this edge  
I am lost to all I know, hey I can't breathe anymore  
Somehow I'm locked inside this cage  
And I try  
But I cannot fight to stay alive Falling from this edge  
I am lost to all I know  
Time is only the answer I see  
And lies the only reverie I've tried  
But I can't fight anymore I'm falling from this edge  
I am lost to all I know  
Time is only the answer I see  
And lies the only reverie
