I Need You

Lee Ann Womack

I need somethin' like morphine only better
I need somethin' like a kiss that lasts forever
I need somethin' like money that will not burn
I need somethin' and I need more, more than I can earnI need somethin', what can I do?
Hey, I need somethin', I need youI need somethin' like a cure for my soul
I need somethin' like amnesia, for things I know
I need somethin' like a mother, 'cause I'm just a child
I need somethin' like an asylum, 'cause I go wildI need somethin', what can I do?
Hey, I need somethin', I need youI need somethin' like a cure for my soul
I need somethin' like amnesia, for things I know
I need somethin' like a mother, 'cause I'm just a child
I need somethin' like an asylum, 'cause I go wildI need somethin', what can I do?
Hey, I need somethin', I need youI need somethin' like dynamite for the mess I'm in
I need somethin' like a tattoo underneath my skin
I need somethin' more than a lover in my bed
I need somebody here with me, here with me in my headI need somethin', what can I do?
Hey, I need somethin', I need youI need somethin' bad and I need it now
I got somethin' wrong with me, you can see
I think you better fix it 'cause I don't know howHey, I need somethin', what can I do?
Hey, I need somethin', I need youI need somethin', what can I do?
Hey, I need somethin', I need you
